PRESS RELEASE

FOR IMMEDIATE RELEASE

WIRELESSLY SYNC YOUR MUSIC & PLAYLISTS BETWEEN YOUR PC & WINDOWS SMARTPHONE!

Turn your Windows 6.5 Smartphone into a Powerful Music Management System!

BILLERICA, Massachusetts – May 11th, 2011- MOAEC, Inc. is proud to introduce the patented PC Mo® & Mobile Mo™ Software Applications, the easiest way to wirelessly sync your music & playlists between your PC and Windows Mobile Smart Phone on your home Wi-Fi network!

MOAEC® combines the key features of cable, satellite, CD/MP3 players, jukeboxes and radio stations in one user-friendly "music organizer and entertainment center" platform.

MOAEC's software solution uses the same simple interface on the PC & Smartphone designed for touch screens or traditional use.

PC Mo®

Mobile Mo™

“We are excited to offer music lovers a COOL, FAST & FUN way to manage and play their music!”
